West Coast Industry Workshops – 9 May Greymouth & 10 May Westport

Inspectors from the WorkSafe High Hazards Unit and the NZ Mining Board of Examiners (BoE) will be hosting two industry workshops on the West Coast.

The workshops will provide information on the Certificate of Competency (CoC) and Continuing Professional Development (CPD) requirements in the regulations for safety critical roles. The workshop is an opportunity for operators to ask questions and clarify any operational queries they may have.

The content is relevant to all operators in the sector (alluvial, quarrying and mining) and attendance qualifies for CPD hours for your CoC.

The workshops commence at 5.30pm and finger food will be provided.

Details are as follows:

<u>Tuesday 9 May</u>

Venue: The Ashley Hotel

Time: 5.30pm – 8.30pm

Address: 74 Tasman Street, Greymouth

<u>Wednesday 10 May</u>

Venue: Buller Workingmens Club, Westport

Time: 5.30pm – 8.30pm

Address: 44 Queens Street, Westport
