## Youth Programme

### Programme Objectives

IOQ NZ (Inc.) members have identified the need to promote and support young members as they move through their careers within the extractive industry by providing opportunities for young extractive operators to make lasting relationships and gathering knowledge from established industry leaders.

As the extractive industry members age a new workforce will emerge that requires a guiding influence to ensure they have the best chance to succeed in tomorrow's market place.

The purpose of this initiative is to identify individuals who demonstrate the qualities and commitment to become a future leader within the extractive sector by providing a platform for these candidates to gain experience and establish relationships that will assist them through their development.

The IOQ NZ Youth Programme will select one candidate from each Island to be a part of the programme. Nominations will come from existing IOQ NZ (Inc.) members and the selection will be made by the IOQ NZ (Inc.) executive.

### Candidate Criteria

The candidate will be able to demonstrate the following criteria to be considered:

- 1-2 years experience in the extractive industry
- Currently employed in the extractive industry
- Have obtained or working towards a B Grade COC
- Have the support of their employer
- Able to supply character references to determine suitability to programme
- Be between 18-35 years of age
- Must be committed to understanding and upholding the IOQ NZ (Inc.) code of conduct

- Candidate must put together three progress reports during the one year, outlining conference information they have learned and two subsequent follow up reports on their progress through the industry.
