TRADE NIGHT

with

AEG and Donovan's Trade

Wednesday, 13th of March at 6pm

Northland Cricket Spire Pavilion
72 Okara Drive

Advanced Engineering Group (AEG) will talk to you about their comprehensive range of woven wire mesh screening media and problem solving capabilities.

AEG manufactures to internationally recognised quality standards specialising in a large range of products under their Prominent Brands: Woven Wire, Hard Rock Quarry Equipment and Ezy Lock Droppers.

Donovan's Trade has invited **Optibelt** to talk to you about increasing v-belt life and reduce energy consumption through belt optimum tension, pulley condition and pulley alignment.

Ian Broxton of Tranz Corporation is a Trade certified Aircraft Engineer and has more than 30 years of Technical Sales experience.

BBQ, DRINKS and RAFFLE PRIZES!

DONOVANS TradeZone

"Proud to be locally owned and operated for more than 50 years"

We look forward to seeing you there!
