

## Quarry Supervisor

Huntly, Waikato

Gleeson Quarries is a family owned and operated predominantly Greywacke quarry based in Huntly, Waikato. The quarry has been in operation for over 75 years, and we pride ourselves on our ability to deliver quality products in a timely and cost-effective manner.

Investment back into our business is a key fundamental, we continue to invest heavily in quarry infrastructure, allowing us to utilise well maintained mobile and fixed plant to meet our production objectives.

We are looking for a self-motivated Quarry Supervisor with a proven track record of delivering a high standard of work in all tasks undertaken. This role is fulltime, and the person will need to be dedicated to high levels of productivity as well as a strong commitment to Health Safety Environmental & Quality Compliance.

This role is fulltime, and the person will need to be dedicated to high levels of productivity as well as a strong commitment to Health Safety Environmental & Quality Compliance.

Preferably, we need someone who is driven to further their career within this industry, we are interested in individuals who have quarry supervision experience.

### **To be successful you will need:**

- Knowledge of extraction and processing systems
- Strong communication skills and a strong customer service and community focus
- An understanding of how to plan and manage the daily logistics of an aggregate operation including maintenance and repairs
- Management of budgets, special orders and outputs, production process and targets
- Project management experience
- Manage and recruit staff
- Ability to work in with a team to achieve a common goal
- Must have good written and verbal communication
- Good planning skills
- Committed to a safe worksite
- Leadership and management of health and safety process, environmental and quality standards
- A/B Grade Quarry Managers certificate
- Current Certificate of Competence.

This role supports the Quarry Operations Manager. It is a fast-paced role that will see you managing fixed & mobile plant, monitoring real-time production & minimum stock levels, as well as managing around plant & equipment maintenance programmes.

If you have the skills and experience and want to work for a dynamic company with a great culture, this is the job for you.

### What's in it for you

- Attractive salary package and vehicle
- Work for a business with a great reputation for service and excellence
- Take on a vital role and add huge value with your skills
- Ideal step in advancing your career as we offer ongoing education and support

Our workplaces are drug and alcohol free - all successful applicants will be required to undertake a pre-employment drug test & medical.

Gleeson Group is an equal opportunity employer committed to creating a diverse and inclusive culture.

Applicants applying for this position must have NZ residency or a valid NZ work permit.
